Career Retirement

Credit Reporting (CRCR)

Reserve Continuation and Transition Branch
Reserve Affairs Division
M&RA HQMC

What is a CRCR?

- The CRCR is used to establish the years of Federal Service for a Marine Reservist.

- The CRCR tracks retirement points credited for:
  - *POINTS = $$ (the more points , the more money)*
  - *Retirement money "usually "starts at the age of 60*

What is a CRCR?

- Retirement points are earned for:
  - *Inactive Points*
    - IDT, EIN/EIO, ATP/AFTP/RMP, MTU
    - Correspondence
    - Funeral Honors Duty
  - *Active Duty Points*
    - Paid
    - Unpaid
  - *Membership Points (max of 15 pts per year)*
  - *Total Annual Points (max 365/366 pts per year)*

(If Membership exceeds 15 or total annual exceeds 365/366 or more than one open year in CRCR, TTC 922 000 Cert Date will fail.)

Importance of a CRCR

- Missing or Incorrect information may effect:
  - Promotion
  - Reenlistment
  - Retirement
  - PME Schools
  - AR Program Status

MCTFS computes retirement points for current and prior years through UD reporting.

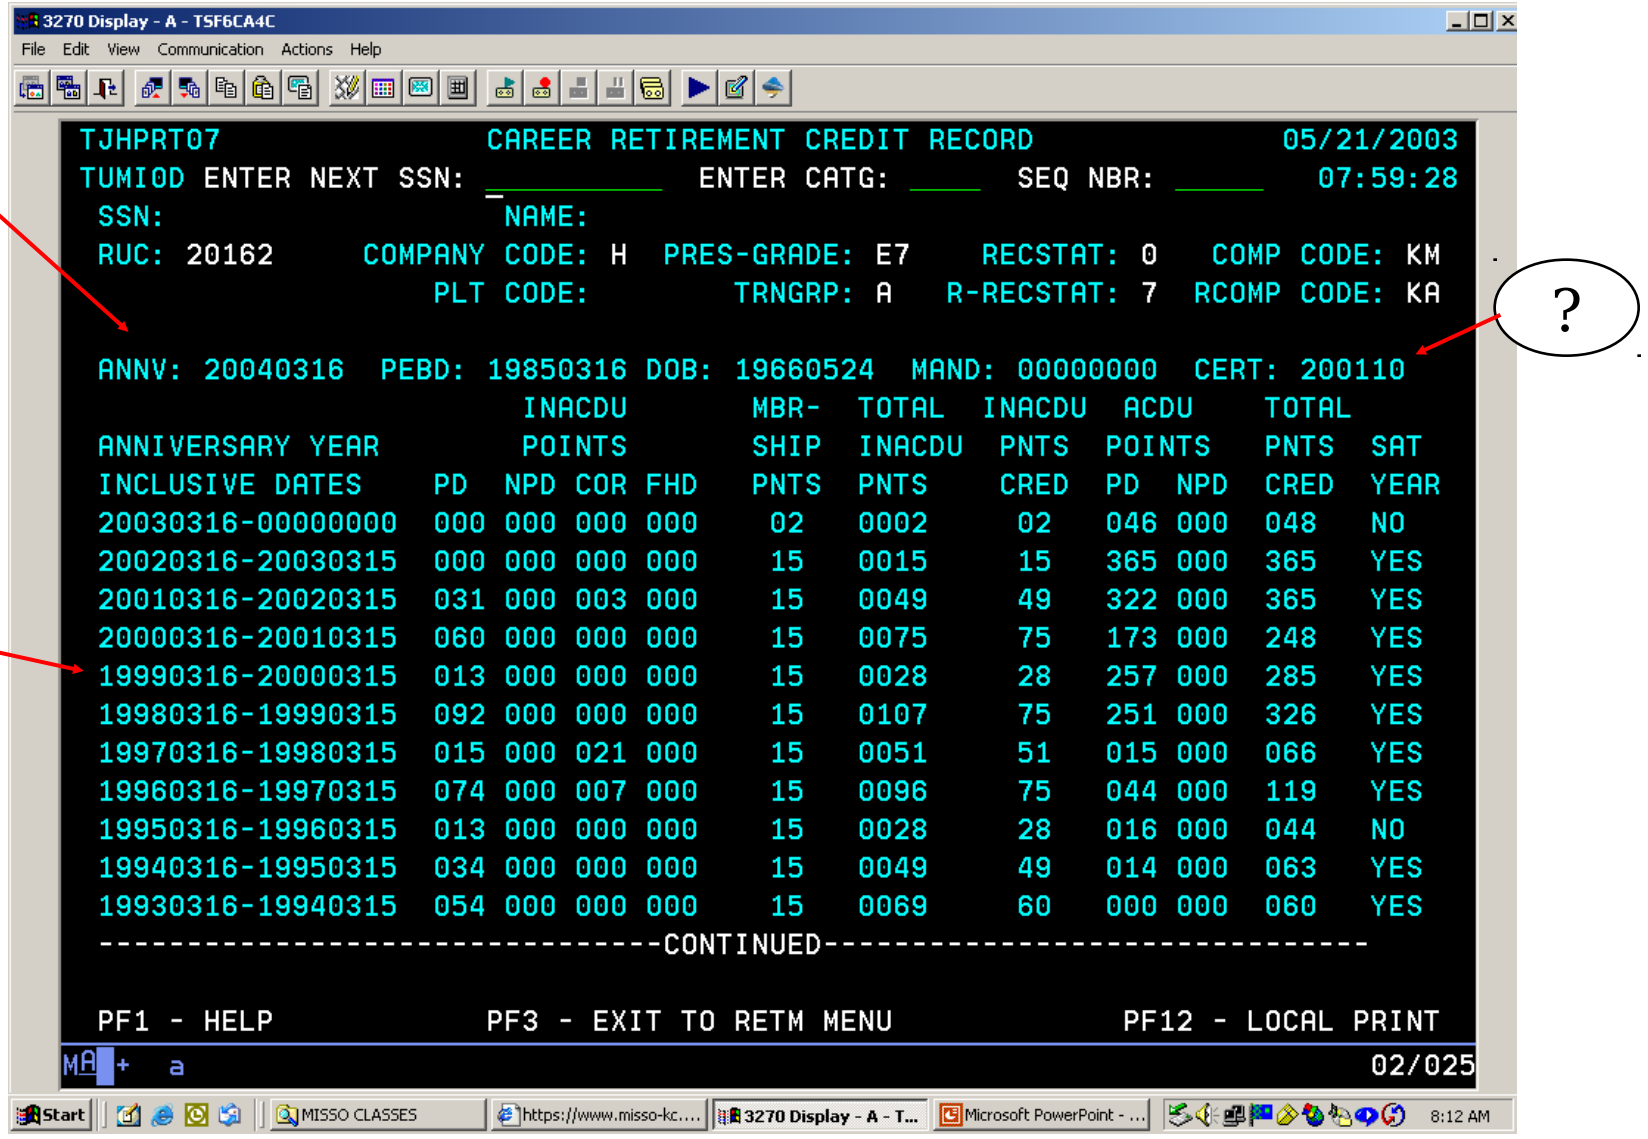
Location of CRCR Information in MCTFS

- RT07 Screen – Career Retirement Credit Report
- RT08 Screen – Current Anniversary Year
- RT09 Screen – Prior Anniversary Year
- S980 Remark – Summary of each Anniversary Year (Will show if there is more than one open year current or otherwise)
- D980 Remark – Detailed display of each Anniversary Year (at the bottom of each D980 is where to check the correct membership pts & total annual points)

Anniversary Dates

- The "anniversary date" is the basis for all retirement data reporting.
- Established by the DOEAF.
- Anniversary dates DO NOT CHANGE unless there is a break in contractual service. (Civilian status)
- The anniversary date posted in MCTFS must be verified/corrected prior to reporting or correcting CRCR historical data.

THINGS TO LOOK FOR ON CRCR



THINGS TO LOOK FOR ON CRCR

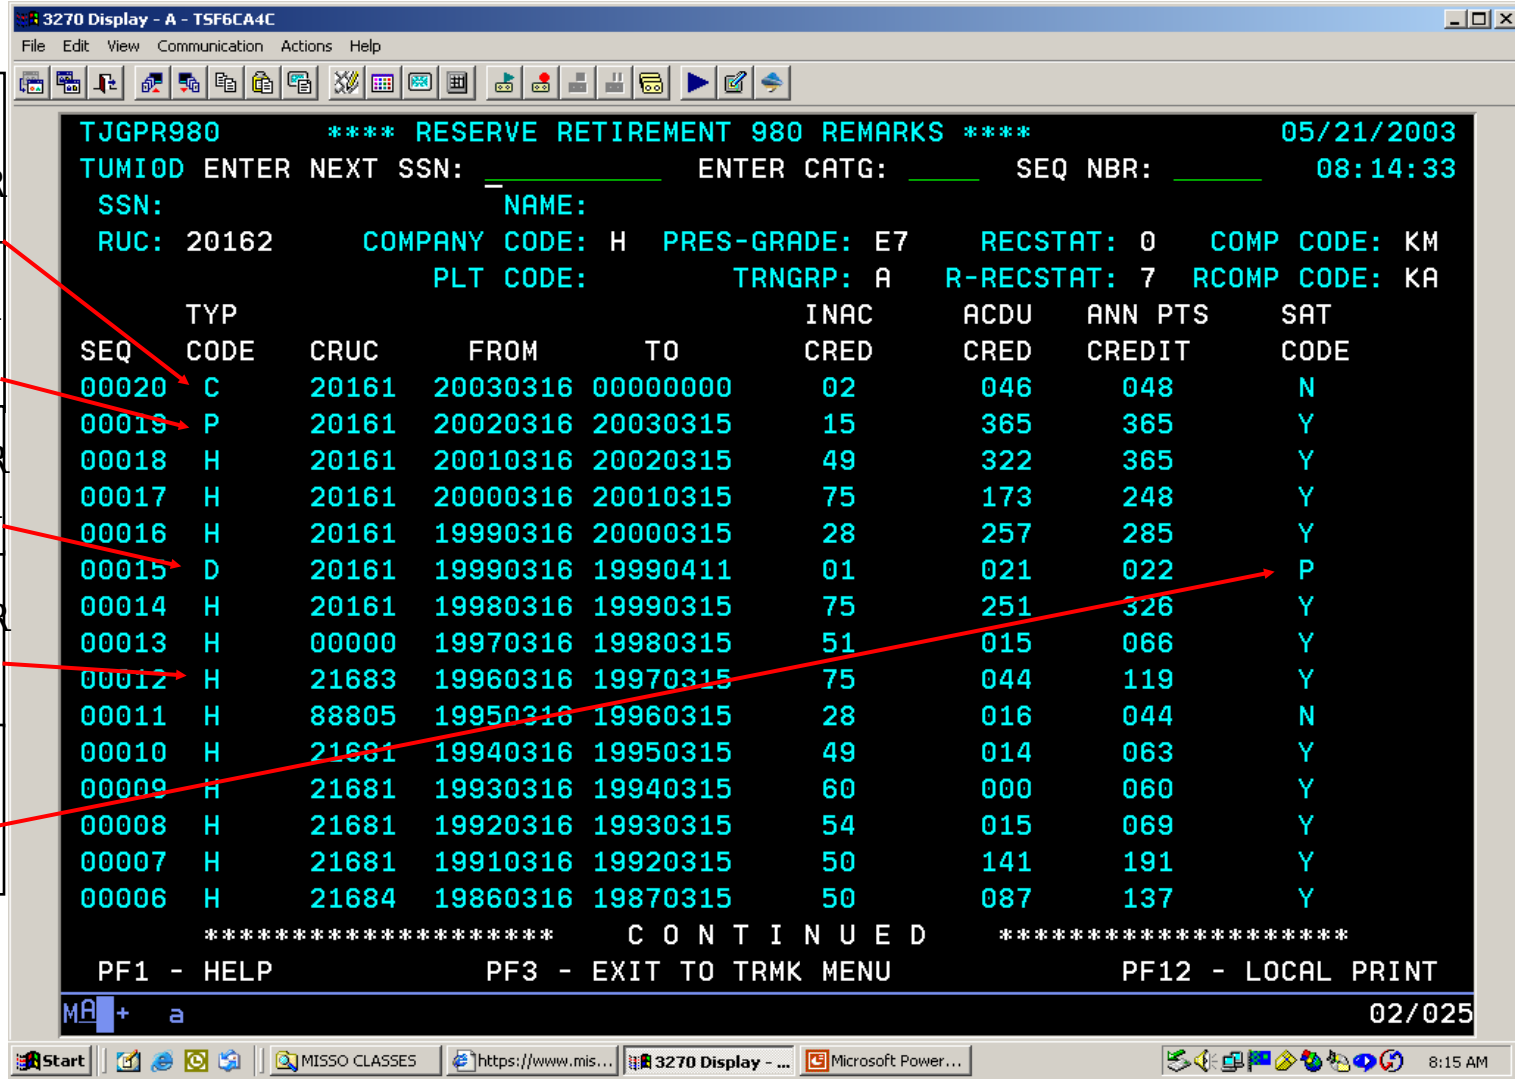
C: STANDS FOR CURRENT YEAR

P: STANDS FOR PRIOR YEAR

D: STANDS FOR DELETED YEAR

H: STANDS FOR HISTORY YEAR

P: STANDS FOR PARTIAL YEAR



What is a Satisfactory Year?

- **A complete, continuous 365/366 day period...**

during which a Marine must earn at least 50 retirement points to obtain a satisfactory year

- Sat years are obtained by using any combination of:
  - Inactive (IDT, FHD, EIN, EIO, ATP, RMP)
  - Correspondence points
  - Active (paid and unpaid)
  - Membership points
- Reserve retirement eligibility is determined by number of Satisfactory Years performed.

CRCR “C” Audit

- 1) Verify the CertDate, should be within last 12 months.
- 2) Verify the ResRecStat, what status is the Marine?
- 3) Verify the PEBD, it should never be prior to the earliest Annv Yr listed (broken time will require PEBD adjustment).
- 4) Verify the ANNV, it should be exactly 1 yr from latest Annv Yr listed.

CRCR “C” Audit (cont)

- 5) Verify the Annv Years, look for missing years and look for break(s) in service.
- 6) Verify the Membership Points, NOT to exceed 15 points.
- 7) Verify the ACDU Points, NOT to exceed 365 or 366 points. Also verify Leap Year points are in correct year.
- 8) Verify the Sat Years, check for NOs and Partials (a PAR signifies broken time or a system error).

CRCR “C” Audit

----------COMPLETED----------

Current, Prior, and Historical Years; an example

- The Marine's next anniversary date is: 20110315
- CURRENT anniversary year should be: 20100316-00000000
- The PRIOR anniversary year was: 20090316-20100315
- Retirement points accrued on or before 20090315 are considered HISTORICAL DATA.
- Historical data requires a CRCR Worksheet for correction.

Marine's Responsibility

- **Members are required to review their own CRCR for completeness and correctness.**
  - If corrections are required, the members will draw a black line through each incorrect item, write-in the correction, then initial each correction.
  - The members must provide any external documentation to support a correction.
  - Once corrections have been made and the member has verified CRCR as true and correct, the member will sign and date the CRCR. This is called "CRCR Certification".

Units Responsibility

- Unit will report the TTC 922 000 Cert Date, which updates the member's record in MCTFS, i.e. AFADBD.

- Recent changes in the system allow members to certify their own CRCR through MOL. Units will receive EDFR stating 'self certification' by that member. Due to this change, requirements for maintaining CRCRs for inspections are listed below.

Units Responsibility

- Print a smooth CRCR on the member and annotate with the following:

1. EDFR Cycle # and Date

2. A statement that ‘SNM performed self certification on CRCR (date) via MOL.

3. File that CRCR in the members service record (SR).

Unit's Responsibility

- The RUC will verify any suspected or identified discrepancies against documents on file (i.e., copies of DD Form 4, extensions, and DD Form 214).

- Assist the member in retrieving source docs no longer on file at the unit (Reserve / Active LES', OMPF, National Records Center-StLMO, Other Services CRCRs)

- Once verified, the RUC will forward requests for correction of the CRCR to MARFORRES (HQBN G-1) using a CRCR worksheet.

Unit's Responsibility

- Once all requested/required corrections are completed, a new CRCR will be provided to the member for "CRCR Certification".

- RUC will report TTC 922 000 CRCR CERTDATE, using YYYYMM format.
  - Can only be reported once per month
  - Or, members may verify/certify their own CRCR via MOL.

Without a current CRCR Cert Date

- Reenlistments may not be approved.
- Composite Scores may not be calculated.
- Retirement points may not post to current and prior anniversary years.
- AFADBD will not be calculated correctly for periods of ADSW (including Mobilization).

  (AFADBD = CADBD minus total Prior Active duty)

Who Inputs Corrections?

CRCR Reporting:

- **RUC** completes worksheet and forwards to MARFORRES
- **COMMARFORRES** inputs data for SMCR Marines.
- **MOBCOM/RG** inputs data for IRR/IMA/MTU Marines.

Who Inputs Corrections?

CRCR Reporting (cont):

- **MISSO-17** inputs all data for AR Marines and ALL Reservists presently on periods of ADSW/Active Duty (excluding AT).

- **CMC (MMSR-5)** verifies the ANNIVERSARY date and CRCR changes, and makes any required corrections or contacts MISSO 16/17 for required action/corrections.

Send the completed CRCR Worksheet

- POC's for CRCR corrections are listed below:
  - **MARFORRES G-1:** (504-678-8217) inputs data on SMCR provided by the RUC.
  - **MOBCOM/RG**: (Central Records section, 216-522-5110) inputs data for IRR/IMA/MTU Marines.
  - **MISSO 17:** (816-926-5187 / 5188) inputs all data for ANY Reserve Marines presently on Active Duty (ADSW, AR, EAD, IADT, Mobilized, RecAide). POC any analyst in MISSO

Send the completed CRCR Worksheet

- POC's for CRCR corrections (cont):
  - **CMC (MMSR-5):** verifies ANNIVERSARY date and CRCR changes, and makes any required corrections or contacts MISSO 17 for input.

- Unit must indicate:
  - A POC and phone number at your unit
  - What portion of the CRCR worksheet needs to be input-put only the years that need correction on worksheet.

Requests for LES’

- **Request LES’ (Active or Reserve) for source docs:**

- ccl-mc-record-services@dfas.mil

- Record Services Phone: 216-522-5110 Fax: 216-367-3606

- Provide the following info:
  - Name and Full SSN of Marine
  - Identify whether you want Active duty or Reserve LES’
  - Identify specific months and years of LES’ requested

Requests for LES’

Provide the following info (cont):

- Provide a daytime phone number, work address and work section
- Signature and Copy of Photo ID (separate page)
- A response will normally be provided within 48 to 72 hours
- Active duty LES’ may be requested back to Dec 1969
- Reserve LES’ may be requested back to Jan 1982
